COLLINS HOME AS MEMORIAL

Committee Takes Option On Home of Late John T. Collins As Memorial For Soldiers

PLEDGES TO BE COLLECTED

Following the report of the memorial committee appointed a few weeks ago to ascertain the wishes of families of the Bourbon county boys who gave their lives in the world-war, as to their preference for the form the memorial should take, and who were reported as being practically unanimous in favor of a memorial building, an option has been secured on the John T. Collins residence, at the corner of Broadway and High streets. The building is a substantial two-story brick, containing about twelve rooms, and basement, with yard attached.

This was originally erected by the old Deposit Bank as a banking house, and at the time was considered one of the handsomest banking establishments in the State. After the removal of the bank to its present location on Main street, the property was purchased by the late Louis Frank, pioneer dry goods merchant of Paris. At his death Mr. Frank's son, Bismark Frank, converted the building into a residence. After his death the property was purchased by the late Jno. T. Collins, who made extensive improvements, making it one of the most desirable residences in the city.

It is the intention of the committee to convert the building into a home for the various civic and official organizations of the city, including the Mother's Club, Commercial Club, Farm Bureau, D. A. R., U. D., of C., K. of C., Bourbon County Red Cross, War Mothers, American Legion and others, and includes a rest room for women. A committee composed of James M. Caldwell, John M. Brennan, N. Ford Brent and W. D. McIntyre has been appointed to collect the money due on former pledges and to secure others, and to confer with the various organizations as to what assistance may be expected from them in promoting the enterprise.

TELEPHONE EMPLOYEES AND GUESTS ENJOY BANQUET

About two hundred and fifty persons enjoyed the hospitality of Paris Local No. 12, of the Southern Association of Bell Telephone Employees at their first annual banquet and dance given in Paris Saturday night. From every point of view the affair was a perfect success which its originators had been striving for the past month.

The banquet was served in the large show room of the Mammoth Garage, which the committee of young women in charge had transferred into a hall of beauty. The colors of the American flag predominated in the decorations, and ferns, potted plants and cut flowers added beauty to the scene. Miss Mayme Fitzgerald, chief operator, and chairman of the entertainment committee, was assisted by Miss Kate Howard, Miss Margaret Shea, Miss Marcella Ryan and Mrs. May Weigott. The entire affair was under the direct supervision of Local Manager W. C. Rees, who had as his aide J. H. Neal, plant foreman. The banquet, prepared under the supervision of Mrs. Carl Crawford, was an elaborate one, and embraced old country ham, bluegrass turkey, creamed potatoes, celery, hot rolls, coffee, individual cherry pies, ice cream, cake and mints, during the enjoyment of which a jazz orchestra rendered up-to-date music.

F. A. McCann, Division Plant Superintendent, of Louisville, acted as toastmaster. Short addresses were made by E. M. Dickson, local attorney for the Association, Mayor E. B. January, County Judge George Batterton, Attorney Wade H. Whitley, Sheriff M. Peale Collier, Councilman Wm. Kenney and I. W. Bush. Invitations had been extended to all county and city officials, and most of them were present. Charles A. Sawyer, Division Chairman of the Association, in behalf of his associates, thanked the officials and other guests for their presence. Among the prominent officials present were the following: From Louisville—M. E. Floersch, Division Traffic Superintendent; C. A. Sawyer, Division Chairman of Employees Association; L. G. O'Callaghan, District Traffic Manager; J. A. Robertson, a Suburban Traffic Manager; C. B. Jacobs, District Manager; F. A. McCann, Division Plant Superintendent; from Winchester—H. H. Floyd, Local Manager; O. R. Weber, District Manager; E. R. Hearin, District Traffic Manager; C. B. Watson, District Manager; James D. Cottman, Superintendent of Construction; M. M. Mitchell, District Plant Manager; H. S. Scrivener, Traffic Department. Richmond also sent a large delegation, and practically every town in Central Kentucky was represented, the fair sex predominating. Following the banquet dancing was indulged in at the Masonic Temple until twelve o'clock.

BASKET BALL

Arrangements for the ninth athletic district basket ball tournament, to be held at the Lexington Senior High School Friday and Saturday, were made at a meeting of the committee in charge Saturday morning at the High School with the chairman, Principal Charles E. Skinner, presiding.

The girls and boys teams of High Schools in Jessamine, Fayette, Bourbon, Harrison and Scott will participate in the games to decide the district championship. The Lexington High School will be host to all the teams.

The Paris High School teams returned Sunday from a three-days' trip North. The boys were defeated by Covington by an overwhelming score of 27 to 4. The Paris boys are sure the obstructions on the Covington floor accounts for this disastrous defeat.

Next day at Dayton the Paris boys nosed out the Dayton clan by a score of 33 to 17, much larger than they were beaten by Dayton on the local floor, 22 to 16.

The Paris girls were less fortunate, in being defeated by the Dayton bloomer squad by the small margin of 4 to 2, not so well as the Paris girls did on the Paris floor, by the score of 23 to 6. An extra five minutes was allowed to play off a 2 to 2 tie, and the Dayton girls rang up the winning mark just before the final whistle.

CITY COUNCIL PROCEEDINGS

Council Repeals Ordinance Which Prevented Erection of Colored Church Building

TO ACT WITH COMMERCIAL CLUB

At the regular meeting of the Board of Council, held in the Council Chamber, in the City Hall, Mayor E. B. January presided, with a full Board present.

Harold Harris, secretary of the Paris Commercial Club, on behalf of the Board of Directors, asked the Council to appoint a committee to confer with a like committee from the Commercial Club in regard to the license ordinance that is to be adopted in April. He stated that the Commercial Club thought much good might be accomplished by the cooperation of the two organizations. It was agreed to have the entire Councilmanic body meet with the Board of Directors of the Commercial Club at some future date.

J. Withers Davis, representing the Bourbon County Memorial Committee, asked the Council to what extent it would be willing to cooperate with the committee in furthering the memorial movement. The matter was referred to a committee composed of Councilmen Speakes, Kenney and Mitchell.

Drs. Wallingford and Gilkey presented a bill for \$150 for services rendered to a charity patient who developed small pox several months ago, after he had been taken to the hospital suffering with appendicitis. Councilman Kenney moved they be allowed the sum of \$50, but the move met with no second.

Attorneys W. H. Whitley and Robt. C. Talbot, representing the African Baptist Church, appeared before the Council in behalf of the directors of the church, asking a permit for erection of a house of worship, to cost in the neighborhood of \$40,000, to be erected on their lot at the corner of Short and Sycamore streets. A former building ordinance, which would have prevented the permit being graded, was repealed. Councilmen Doyle and Skillman voted against it. Another ordinance was adopted which will give the Council power to grant the permit. There was opposition to the building of the church in that location by several property-owners of the vicinity. On advice of City Attorney C. A. McMillan no permit was granted at that time, Mr. McMillan stating that there was no ordinance making it necessary for anyone to secure a building permit for a building to be erected outside of the fire zone, although this had been customary for years.

FORMER PARIS MINISTER NOMINATED FOR POSTMASTER

The name of Rev. B. M. Shive, formerly pastor of the Paris Presbyterian church, has been sent to the Senate by President Harding, for the position of Postmaster at Decatur, Alabama. The Senate is expected to act favorably on the nomination.

Dr. Shive has been acting Postmaster at Decatur for some time, and if his nomination is confirmed by the Senate he will succeed permanently the present Postmistress, Mrs. Kate Kirkpatrick, who has held the position for twenty-eight years. Dr. Shive has for two years been in Florida as State Director of the Near East Relief Fund. The Decatur Daily News publishes a half-tone photo of Dr. Shive, together with a short favorable comment on his appointment.

BRANCH OF FARM LOAN ASSOCIATION ORGANIZED

Organization of the Bourbon county branch of the National Farm Loan Association was effected at a meeting held in the country house, when the following officers were selected: E. P. Wagoner, president; T. J. Haggard, vice-president; J. B. Caywood, secretary-treasurer.

A committee composed of Jesse Scott, John N. Shropshire and M. D. Neff was appointed to investigate applicants and to supervise loans. Sixteen members of the organization made applications for loans aggregating \$95,000, which were taken under advisement by the committee.

TEN MILLION LOAN TO POOL READY

Representative of War Finance Corporation Says Cash Will Be Available When Asked For

TOBACCO COLLATERAL FOR LOAN

Casselberry Dunkerson, of Louisville, well-known tobacco expert, who was appointed as the representative of the War Finance Corporation in its \$10,000,000 loan to the Burley Tobacco Growers Cooperative Association, was in Lexington in conference with President J. C. Stone and Secretary H. L. Early, of the Association. He said the loan would be forthcoming as requested by the Association and as it furnishes collateral as security for it.

Mr. Dunkerson's duties in connection with the loan will be to look into the grading, see that the papers are properly drawn and the warehouse receipts covering the tobacco in accordance with the requirements of War Finance Corporation. He was one of the members of the Louisville committee of tobacco experts who accompanied Louisville bankers to Lexington at the time the banks fixed the amounts they would loan on each of the grades of leaf held by the Association. Mr. Dunkerson will inspect the tobacco at all points in the district, which is to be offered as collateral for the finance corporation's loan.

Discussing the attitude of the War Finance Corporation officials toward the tobacco growers, Mr. Dunkerson said he had never seen manifested toward any organization or business concern a more reasonable or friendly attitude than that of the War Finance corporation toward the Burley Tobacco Growers' Co-operative Association.

About twenty million pounds of tobacco, according to Dr. S. H. Haley, manager of storage for the Association, has been re-dried to date and is in position to furnish the basis for warehouse receipts which would be accepted as collateral on such a loan.

Deliveries in Lexington the past week have been heavy and are proceeding at about the capacity of the houses at all receiving points, Director of Warehouses Ralph M. Barker said. Ample facilities for the storage of the hogshead tobacco that has been re-dried have been provided by the addition of the Central and Big Burley warehouses in Lexington to those in which the tobacco is being stored.

Additional sales of tobacco in considerable amounts by the association were rumored on the streets. President Stone said that more tobacco had been sold, in fact was being sold "pretty much every day," and that he believed that the prices realized for the Association crop would be "entirely satisfactory" to the members. He adhered, however, to his policy, previously announced, of giving information as to purchasers and prices only to members of the Association.

GARDEN CLUB TO HEAR NOTED SPEAKER

Mr. John C. Wister, of Germantown, Pennsylvania, President of the American Iris Society, will talk before the Lexington Garden Club in that city on Thursday, March 2nd. The lecture is to take place in the Woman's Club room on West Second Street at 3 o'clock.

The Lexington Garden Club has very kindly invited the members of the Bourbon Garden Club to attend this talk and on that account the first meeting to be held with Mrs. Hiram Roseberry will be on Friday, March 3rd, at 2 o'clock. It is to be hoped all members will make the effort to hear Mr. Wister as it will be an illustrated lecture on the "Planting and Planning of a Garden" and very worth while.

COMMERCIAL CLUB ENDORSES COMMUNITY SINGING

The Paris Commercial Club and the Bourbon County Farm Bureau heartily endorsed the Community Service plan of training community song leaders and urge their members to attend the sessions to be conducted by Mr. Morrison, of the national Community Service Headquarters of New York, in Paris, from March 1st to 18th. Fathers and mothers should recognize in this an opportunity for wholesome entertainment for their boys and girls. Corporations and large business concerns have long since learned the moral value of community singing. President George Eastman of the Eastman Kodak Company, has this to say about community singing:

"It is impossible to buy an appreciation of music. Yet, without appreciation, without the presence of a large body of people, who understand music and get enjoyment out of it, any attempt to develop the musical resources of any city is doomed to failure. We believe in undertaking a scheme for building musical capacity on a large scale from childhood."

GAME OF AFRICAN GOLF RUDELY INTERRUPTED

Patrolman George W. Judy paid an official visit early Sunday morning to the livery barn and taxicab office of the Fuhrman Transfer Company, at the foot of High street and Second, where he found a party of nineteen negroes engaged in a game of "African golf."

Placing the entire party under arrest the officer lined them up on the outside to take them to jail. As they started one of them drew a revolver and fired six shots, in the resulting confusion several of the men made their getaway. The rest of the bunch were safely landed in the bastille under care of Jailer Taylor.

When presented in the County Court yesterday for trial eleven of the men pleaded guilty and were assessed fines of \$24.00 each.

TOBACCO POOL DRIVE IN MARCH

County Chairmen To Direct Drive, Beginning March 13 For New Members

DRIVE TO LAST A WEEK

A drive to sign up all the burley tobacco in the state of Kentucky, Ohio and Indiana to a five-year marketing agreement will be started March 13, with a view to completing it in a week, Chief of the Field Service Division Joseph Passonneau, of the Burley Tobacco Growers' Co-operative Association, recently announced.

The drive is to be conducted by the county chairmen who so successfully put over the signing up of 75 per cent of the burley crop of 1920, one of the requirements for the success of the cooperative marketing agreement under which members of the association have been delivering their 1921 crop of tobacco to warehouses controlled by the association and receiving cash advances on this crop for the past four weeks.

"Within the past two weeks," Colonel Passonneau said, "we have received 216 contracts, representing about 500,000 pounds of tobacco, many of them voluntarily signed by tobacco growers as soon as they learned that the opportunity would be given for those who had sold their 1921 crop outside the association to join it. We have felt that this comparatively large number of contracts indicated that there are a considerable number of growers who, for one reason or another, remained outside the organization last fall, but now want to come in and that they should have the opportunity.

"Therefore, it has been decided that the old county chairmen, who so successfully led the campaign last fall, shall conduct a drive the week of March 13, calling upon every grower outside the organization to sign the contract and thus present a solid front on the part of the growers in the heart of the burley district of the United States, consisting of the burley-producing counties of Kentucky, Ohio and Indiana."

EDITORIAL FLINGS

In the experience of many a Paris
man two problems impossible of so-
lution are how to feel well in even-
ing clothes and how to look well in
a night shirt.

People who say nasty things about
other people behind their backs
should wait until their victims are
close enough to hear them and turn
around. Then they wouldn't say
'em, and this would be such a beau-
tiful and loving world.

Once upon a time a certain Ken-
tuckian was credited with saying
that all whisky is good whisky, only
some of it is better than the rest of
it, but that was when it was not
customary to distill the stuff as bad-
ly as it is done in this speed mad age.

**COLONEL CHARLES WINN BACK
IN KENTUCKY**

Lieutenant-Colonel Charles D.
Winn, formerly of Paris, where he
was engaged in business for several
years, and now in the United States
army, has returned to Washing-
ton, after a visit to relatives
in Paris and Winchester. Col. Winn
is a brother of Mrs. James McClure,
Sr., of Paris.

Col. Winn has been stationed at
Chicago since the signing of the
armistice. He came to Kentucky
from Washington, where he received
orders from the War Department for
his transfer to the Government ser-
vice in the Philippines. Col. and
Mrs. Winn will sail for Manila,
where he is to report for duty in
April.

During his residence in Paris, Col.
Winn was associated in business
with Frank P. Lowry. He enlisted in
the Spanish-American war, and was
selected as Captain of the Bourbon
county company, which took a place
in the Second Regiment under Col.
Gaither. Col. Winn was very popu-
lar here, and his many friends here
were glad to give him an old-fash-
ioned welcome.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little
"Freezone" on an aching corn,
instantly that corn stops hurting,
then shortly you lift it right off with
fingers. Truly!

Your druggist sells a tiny bottle of
"Freezone" for a few cents, suffi-
cient to remove every hard corn, soft
corn, or corn between the toes, and
the calluses, without soreness or ir-
ritation.

JIM ALLEN, HE SAYS:

In the Cynthiana Democrat's
"Pert and Pertinent" column Editor
James M. Allen writes:

"Pshaw. Just as Cynthiana, and
Paris, and Maysville, and Charleston,
and Kosciusko, and Kalamazoo, and
Hongkong, and Sein Fein, and Judge
Landis, and Will H. Hays were get-
ting ready to welcome the Newport
steel plants, the confounded man-
agement announces that the plant
may not be removed after all. The
removal has been arrested, like ev-
erybody and everything else in New-
port."

INGROWN TOE NAIL TURNS OUT ITSELF

A noted authority says that a few
drops of "Outgrow" upon the skin
surrounding the ingrowing nail re-
duces inflammation and pain and so
toughens the tender, sensitive skin
underneath the toe nail, that it can
not penetrate the flesh, and the nail
turns naturally outward almost over-
night.

"Outgrow" is a harmless, antiseptic
manufactured for chiropodists.
However, anyone can buy from the
drug store a tiny bottle containing
directions. (T-tf)

"The Panhandle."

As commonly used in this part of
the country, the phrase "the pan-
handle" usually refers to the north-
west projection of Texas, though the
name is also given to the narrow,
wedge-shaped strip of land lying be-
tween Pennsylvania and Ohio, which
forms part of the state of West Vir-
ginia.

THIS SORT OF THING LOOKS SUS- PICIOUS

In casually reading over some of
the Lexington, Louisville and Cin-
cinnati daily papers we note sensa-
tional reductions in the retail prices
of dry goods, clothing and other ar-
ticles of daily use. This would in-
dicate that some people have been
doing some high profiteering in the
past, but have been forced to come
down to the earth again in order to
break the buying streak that has
been playing havoc through the
country.

We have not heard of many of
these stupendous drops in prices in
the country stores, and especially in
the stores in Paris, and this for the
best of reasons. The average country
merchant did not resort to the con-
scienceless profiteering methods that
were practiced in some of the larger
cities. They raised their own prices
as the wholesaler raised theirs and
they were compelled to do this in or-
der to continue in business. Since
the downward trend commenced they
have been reducing their prices as
rapidly as the wholesale rates de-
clined, and they will continue to do
so as long as there is a falling mar-
ket.

When you compare the price re-
ductions in the stores of the country
town with those in the larger cities
just consider both sides of the ques-
tion. You will discover that the
merchants of Paris have been fairer
to you all along the line than have
the profiteering merchants of Lex-
ington, Louisville, or Cincinnati.
"Trade At Home" is a good slogan
to follow yet.

THE MAN WHO LOOKS VIGOROUS

Good Red Blood Is The Only Sure
Foundation of Permanent
Health and Vigor

Good color, bright eyes, solid
flesh, erect bearing are dependent
upon rich red blood. If your blood
is not up to the mark your general
health can not be. Late hours; eat-
ing the wrong foods, working in-
doors, fatigue, affect the blood. So
many people eat well and take ex-
ercise, yet never seem to improve in
health. Gude's Pepto-Mangan taken
regularly for a while gives the blood
that richness and redness that pro-
duces bounding health and vigor. It
is a simple, natural way to get well
and strong. Gude's Pepto-Mangan

**"OLD KENTUCKY HOME" BRONZE
TABLET READY**

When Stephen G. Foster sang the
glories of "My Old Kentucky
Home" in 1858 did he write the first
line "the sun shines bright in my
old Kentucky home," or did he write
"the sun shines bright in the old
Kentucky home?"

This question is engaging the at-
tention of historical authorities in
Pittsburg, because a handsome
bronze tablet which the city is
about to present to Bardstown, Ky.,
where the song was written, desig-
nates in the first line that it is "my
old Kentucky home."

The reference department of Car-
negie library insists that while the
title of the song was "My Old Ken-
tucky Home," the author wrote in
the first line that the sun shone
bright in "the old Kentucky Home."
Sheet music and phonograph rec-
ords from reputable publishers and
manufacturers do not agree with the
Carnegie library.

As the tablet has been cast and
is on exhibition there, it is probable
it will be sent to Bardstown without
change, regardless of historical ac-
curacy.

Stephen G. Foster, the composer,
was born in Pittsburg.

LIVED ON MILK AND TOAST FOR MANY MONTHS

**Mr. McDaniel Says No One Ever
Had a More Stubborn Case of
Stomach Trouble Than She Did—
Now in Perfect Health and Eats
Anything on Table.**

"I am in better health than I have
been at any time in the last ten years
and I am convinced Tanlac is the
very best medicine man ever made,"
said Mrs. J. A. McDaniel, 1614
South High Street, Columbus, Ohio.
"I don't believe anybody ever
had a more stubborn case of stomach
trouble than I did. When I began
taking Tanlac I was living entirely
on milk and toast and was growing
weaker and thinner every day. I
was so nervous I got little rest
either day or night and I just had a
feeling all the time that something
dreadful was going to happen. Why,
I was even afraid to cross the street
by myself."

"I had no idea any medicine could
make such a difference in a person in
so short a time as Tanlac has made
in me. My appetite is splendid, my
digestion couldn't be improved upon
and I was gaining in weight every
day. My nerve have quieted down,
too, and in fact, I am just like a
different person."

Tanlac is sold in Paris at Roche's
Drug Store, and all leading drug
stores. (adv)

The Denarius.

The word penny occurs a number
of times in our English version of the
New Testament, especially in the four
Gospels; for instance, Matthew 20:2,
"And when he had agreed with the
labourers for a penny a day, he sent
them into his vineyard." The coin to
which the name penny is given, was
the denarius, a Roman silver coin in
circulation in the time of Our Lord
and the Apostles. It was the principal
silver coin then in use throughout the
Roman Empire. From the parable of
the laborers in the vineyard it
would seem that a denarius was then
the ordinary pay for a day's labor.

Cleaning Paper.

Grease or finger marks on books or
papers may be removed by the follow-
ing process: Make a thick paste by
thoroughly grinding up a spoonful of
magnesium carbonate with a sufficient
quantity of benzol in a cup or mortar,
and apply a small quantity of this
paste to the finger-marks, rubbing it
in lightly with the tip of the finger.
The benzol will evaporate in a few
moments, when the paper should be
brushed with a clean, soft brush. If
the first application is not sufficient,
repeat the operation. Experiment on
a piece of waste paper before working
on anything you value.

An Ordinance Repealing An Ordinance

February 23 1922.
City Hall, Paris, Kentucky.

Be it ordained by the Mayor and
Board of Council of the City of
Paris, Kentucky, that the Ordinance
heretofore enacted by the Board of
Council of the City of Paris, to-wit:

"An ordinance regulating the erec-
tion of buildings to be used for pur-

MUST MAINTAIN RATES TO GIVE GOOD SERVICE

"Public utilities are subject to the same financial laws of operation as are private enterprises. They must operate successfully in order to successfully and adequately fulfill their duty of service to the public, not only in the present, but in the near future."

This is an extract from a report recently made, after an exhaustive inquiry, to the National Association of Railway and Utilities Commissioners. The Commissioners are public officials whose work is the regulation of street car lines, light and power companies, and other utilities. The report continues:

"This is peculiarly true at the present time; and for the reason that for the last five years their revenue rates did not proportionately increase costs of operations."

Therefore, in order to maintain a just, equitable balance, the report says, it is necessary to maintain higher rates longer than would to the layman seem necessary, judging by the decline in commodity prices. To follow any other policy would hamper that service to which the public is so justly entitled, and which must be maintained at highest efficiency to insure the return of "private business to the desired goal of normalcy."

WORDS FROM HOME

Statements That May Be Investigated—Testimony of Paris Citizens

When a Paris citizen comes to the front, telling his friends and neighbors of his experience, you can rely on his sincerity. The statements of people residing in far away places do not command your confidence. Home endorsement is the kind that backs Doan's Kidney Pills. Such testimony is convincing. Investigation proves it true. Below is a statement of a Paris resident. No stronger proof of merit can be had.

Joe Kiely, proprietor shoe repair shop; 11 Seventh street, says: "Doan's Kidney Pills did me a world of good and I take pleasure in recommending them to anyone suffering with kidney complaint and my back ached most of the time. My kidneys were weak and the secretions were highly colored and contained sediment. I lost my sleep at night as there was no let up to the pain in my back. I got four boxes of Doan's Kidney Pills at Ardery's Drug Store and used them according to directions. They rid me of the trouble entirely."

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.

SHANKS—HUGHES

—County Judge George Batterton officiated Saturday at the marriage of Morris Shanks, aged twenty-three, and Miss Virginia Hughes, aged sixteen. Consent was given by Miss Hughes' mother for granting the necessary license.

GARNETT—McILVAINE

—Mr. and Mrs. Thomas T. Garnett, of Robinson, Harrison county, announce the engagement of their daughter, Martha Ashbrook, to Mr. Ernest McIlvaine, of near Cynthiana. The marriage will be solemnized Saturday afternoon at 5:45 o'clock at the home of Mr. and Mrs. Garnett, in Robinson. It is to be a very quiet wedding, with only the immediate relatives in attendance. Both Mr. McIlvaine and Miss Garnett are well-known and very much admired here. Both are members of college fraternities, and popular with their fellow students.

BLACKABY—ANGELL

—The wedding of Miss Ethel Elizabeth Blackaby and Mr. Wilburn Angell, both of near Hutchison, was solemnized yesterday afternoon, at the home of the bride's parents, Mr. and Mrs. E. W. Blackaby, of Hutchison, Rev. W. E. Ellis performing the ceremony. Mr. Quince Angell, brother of the bridegroom, was best man.

The bride is a very attractive young woman, who has for some time been in the employ of W. Ed. Tucker as saleslady in his Paris store. Mr. Angell is engaged in farming near Hutchison. Immediately after the ceremony Mr. and Mrs. Angell went to the groom's home, where they will reside.

The following announcements have been issued:

"Mr. and Mrs. E. W. Blackaby announce the marriage of their daughter

Ethel Elizabeth to

Mr. Wilburn Angell

Monday, February twenty-seventh, nineteen hundred and twenty-two."

TOBIN—BAPPERT

A wedding that came somewhat in the nature of a surprise was that of Mr. Hatfield Bappert, contractor, and Miss Rosie Tobin, both of Paris, which was solemnized at six o'clock Sunday evening at the residence of the officiating minister, Rev. Father William O'Hare, pastor of the Church of the Annunciation. The ceremony was witnessed by Mr. and Mrs. H. H. Davis.

Immediately after the ceremony Mr. and Mrs. Bappert left for a short visit to relatives of both in Cincinnati, and on their return will make their home at Mr. Bappert's residence on Cypress street.

Mr. Bappert is senior member of the firm of Bappert & Determan, brick contractors of Paris, who have furnished the brick work for some of the city's finest buildings. He is a member of the Odd Fellows and Masonic lodges. The bride is a daughter of the late Mr. and Mrs. Thomas Tobin, of Bourbon county, and is a sister of Mrs. John Shine, Miss Mary

Tobin, and Thomas Tobin, all of Paris. This is Mr. Bappert's second matrimonial venture, his first wife dying in this city about a year ago. The many friends of the couple in this city are extending their sincere congratulations and good wishes.

McGUIRE—STURM

—Paris friends of Miss Folsom McGuire, who was for some time a member of the Paris High School faculty, and later principal of the Millersburg Public School, will learn with interest of her engagement to Mr. Harry Gale Sturm, of Clarksburg, West Va. The wedding will be a society event of the coming June. The Parkersburg, West Va., News says:

"Few of the announcements of the early spring season will be read with more interest both in this city and elsewhere than that of the engagement of Miss Folsom McGuire and Mr. Harry Gale Sturm, of Clarksburg and Buckingham, W. Va., the news coming as a charming surprise to the many friends of the young couple, who are both well known throughout the State.

"The vehicle through which the interesting news was given to the public was a beautiful appointed party given by Mrs. Mary A. Andrews at her home in Avery street, with whom Miss McGuire resided while in this city. Miss McGuire was in the city for a short time en route to Morgantown, and Mrs. Andrews invited in a coterie of her friends, presumably to a surprise party, the occasion also being the birthday anniversary of the honor guest.

"Miss Folsom McGuire is a young girl of exceptional personal charm and possesses culture, an interesting personality and other qualities that have made her much admired. She is a graduate of the Kentucky University, at Lexington, Ky., and received her M. A. degree at the Columbia University. Her home is in Lexington, Ky., and she came from that place to this city, where she was home demonstration agent for some time and won a host of friends here by her interesting personality. She accepted a position with the State last March and is now specialist in recreation and rural organization for the State of West Virginia with headquarters in Morgantown.

"The groom is the son of Mr. and Mrs. L. R. Sturm, of Clarksburg. He is a member of the Theta Chi fraternity and also of the 'Caravan.' He is the county agent for Usher county with headquarters in Buckhannon, W. Va."

AUTOMOBILE BURNED

A combination of coal oil and matches is thought to have caused a fire which badly damaged an auto belonging to Roscoe Carmichael, Saturday night. The machine had been driven from Paris by Mr. Carmichael's brother, who had in it some household supplies, including several boxes of matches and a large can of coal oil. Friction is supposed to have ignited the matches and the coal oil caught fire. The loss is covered by insurance. Mr. Carmichael was forced to jump from the machine to safety.

MILLERS AGAINST BILL REGULATING BREAD

B. M. Renick and Hugh Brent, of the Paris Milling Co., attended a meeting of the Central Kentucky Millers' Association held in the Lafayette Hotel, at Lexington, which was largely attended by representatives of milling concerns all through the district.

At the meeting strong opposition was encountered to bills now before the Legislature requiring that only certain grades of flour, known as "straight or better," be used in manufacturing bread.

Flour consumption had diminished in the past year for some unaccountable reason, it was stated. Unsettled conditions throughout the country and the fact that many country consumers are bringing their corn to the small mill to have it ground were suggested as possible causes. Some bakers have complained recently that their sales were much under those of 1920-1921, despite the fact that flour is one of the cheapest foods on the market at the present time and that bakery products have been greatly reduced in price.

Discussion on labor conditions, wage reductions, wheat supplies, condition of the growing crop, the present cost of power and freight rates were heard during the afternoon session. C. H. Petry, of Mt. Sterling, president, presided at the meeting. A. M. Brock, of Carlisle, is vice-president and J. D. Allen, of Lexington, secretary-treasurer.

BOURBON HORSES ARE FAMOUS

Paris Girl Writes Entertainingly Of Famous Horses and Establishments In Bourbon

RACING ONE OF OLDEST SPORTS

(By Mary Frances Campbell)

Racing is one of man's oldest sports and was indulged in by the Greeks, the Romans and various other nations in the pre-historic days.

The Arab sheik of the desert had wonderful horses, whose fame for beauty, speed and intelligence has come down through the ages. The sheik selected the best and speediest specimens and his affection and his constant care and dally companionship developed this noble animal to a great state of perfection.

The Arab horse was beyond price and could not be purchased and it was only by winning the confidence and friendship of the owner by some deed of kindness or service that an outsider could gain possession of one of these highly prized horses.

Some of these animals are said to have been brought into England and to have been the foundation of the native race horse; although probably such is the case, there is no record of this in the English stud book.

The great thoroughbreds of England and the horses preeminent in the British stud and on the turf are officially credited to the mingling of the blood of the selected native horses and the three great Barb mares.

From the best of these great ancestors comes the American thoroughbred, who in "the land of the free and the home of the brave," with its glorious climate, rich grains, succulent pastures and pure streams of water, have surpassed their English cousins and reached a state of speed, courage, endurance, intelligence and physical perfection second to the equines of no other nation.

The vast majority of people who attend the races and enter with zest into this classic sport are people of the highest type of citizenship, cultured, charitable and religious and, while some of them place a wager on their favorite horses, they are not gamblers in any sense of the word, and bet not for gain, but to enhance their interest and back their judgment on their favorite.

There has always been an element of sport in mankind and will be until time is no more.

The great strip of country in Kentucky where the Bluegrass grows luxuriantly, for many years has been known as the race horse region of America.

Racing is one of the best liked pastimes of the people, and the love of racing led to the breeding of thoroughbreds.

The colts mature rapidly in the congenial climate on the nutritious grass and limestone water, and for nearly a century they have asserted their claim to preeminence.

Kentucky stock is justly famous and breeding is conducted here with less expense than in most other sections, for the reason that colts thrive so well in grazing over the rich pasture lands.

Bourbon county is the richest part of this region. Almost the things that have made it one of the most highly cultivated and most famous counties in the State has been the production of fine blooded stock, especially the thoroughbred race horse.

In the past Bourbon was noted for its fine Southern cattle and trotting stock, many individuals of these were bought and sold for thousands of dollars.

But in the production of race horses Bourbon has gained a most enviable reputation throughout the civilized world.

Raceland, Runnymede, Claiborne, Mt. Lebanon and Marchmont have produced some of the best horses that have contested for the classic events on the American turf, horses whose fame has extended to every country on the globe where the thoroughbred is esteemed.

The following horses were some of the product of Col. Catesby Woodford's Raceland and the late Col. E. F. Clay's Runnymede, and won hundreds of thousands of dollars on the American turf: One Mime, Runnymede, Bell of Runnymede, Badns, Miss Woodford, Sally McClellan, Blues, Blue Girl, Raceland, Sir Dixon, Hanover, Belvidere, Running Water, Butterflies, Whimsical, Last Chance, Single Shot, Agile, Cherryola, Brinkwater, Ocean Bound, Kilmanock, Ben Brush, Lilly Turner, Queen Dixon, Blue Wing, Jack Point, Christmas Star, Pure Rye, Star of Danube, Hindoo Bremletta, and the noted sires Billet, Hindoo, Sir Dixon and Imp. Star Shoot.

Among the winners bred by Col.

Arthur B. Hancock at Claiborne are the following: Embroidery, Blazes, Careful, Dunboyne, Paddy Whack, Coquette, Calendria, Green Gold, Cinderella, Crank, Bull's Eye, Knobbie, Little Chief, Cut Up, Hat Wrack, Blue Wrack and a great many others.

The Hancock stallions, who rank with the best in the United States, are Imp. Wrack, Imp. Ambassador, Rock View, Jim Gaffney, and Imp. Omar Khayyam.

Celt, who was owned by Mr. Hancock, died at his Virginia farm, Ellerslie, and was the winning sire of America for 1921, and Imp. Wrack, the winning sire of two-year-olds for 1921.

The colts of Celt and Imp. Wrack won \$244,247 in 1920 and their earnings up to July the first of 1921 were \$165,692, and thousands of dollars were won by the sons and daughters of Imp. Ambassador, Jim Gaffney and Rock View.

Claiborne is the home of over one hundred of the best bred mares in the world, selected from the best breeding establishments of America, England and France.

Xalapa, Mt. Lebanon and Marchmont have produced horses that have added to the glory of old Bourbon.

Mr. Ed. Simms' beautiful estate of Xalapa, with its ten miles of asphalt drives, beautiful trees and shrubbery, brought from all over the United States and Mexico, fish hatcheries and lakes, its cut stone water tower and numerous beautiful buildings ranks with the finest estates in the country.

Numerous sightseers come to admire its beauty and admire its aggregation of fine race horses.

Among its noted sires are Imp. Prince Palatine and Negofal.

Its brood mares number about 100 and the colts bred on this farm are beginning to bring to Bourbon additional fame as a producer of high class horses.

These famous breeding establishments and noted horses have brought not only world-wide fame to our good country of Bourbon, but have added largely to its wealth, thereby bringing into its confines the means for building magnificent homes, adorning them with art and beauty and supplying ample funds for higher education, religious and intellectual improvement and charity that has been extended to its less fortunate brothers, not only through the State and Nation, but to suffering Europe and Asia.

The Kentuckian traveling in Europe as he traversed the capitals of these old world cities used to look up and see the familiar sign, "Old Kentucky Bourbon Whisky." With prohibition Bourbon's fame for good whisky is of the past, and the sparkling fluid that made her humblest citizen, for the time being, feel like a millionaire, has passed away, but if it is for the moral welfare of the nation and the uplift of her people, I say requiescat in peace and rise no more, but let us preserve and continue to produce the aristocratic thoroughbred and Bourbon will still have fame throughout the world; but, if we kill the horse industry she will indeed be shorn of much of her glory.

MAYSVILLE WANTS PLACE ON SPORTING MAP

Maysville has ambitious plans to win a place on the sporting map. Maysville business men, headed by Mayor Tom Russell and Tom Watkins, turf and base ball fans, are at the head of a movement to build a race track for harness horses outside the city of Maysville. Inside the race track will be laid out one of the finest base ball diamonds in the State. Twenty-five acres have been leased and the final meeting before breaking ground will be held on February 28. It is said there will

be plenty of money behind the enterprise, and it is proposed to apply for membership in the Grand Circuit, the foremost harness horse association in the country, of which Oakley was a member years ago. The track will not be finished until fall, though the base ball diamond and grandstand will be completed in time for the opening of the spring season.

Always clean your shoes well before putting them away. Wipe off every particle of dust and dirt and shine them with a good blacking if necessary. If you value the length of life and good shape of your footwear, by all means use shoe trees. They may be purchased at any department store for a small sum. They are especially valuable for keeping low shoes in shape.

THINKS THAT "DRY" OFFICIALS SHOULD BE IN POLITICS

Chairman Andrew J. Volstead, of the House Judiciary Committee, author of the prohibition enforcement law, says he thinks the men who carry out its provisions should be political appointees and not in the Civil Service.

"I believe that the Administration," he told the House, "should make the appointments and be held responsible for results. Appointments under Civil Service could be made absolutely to destroy enforcement."

Volstead was replying to statements in a magazine article concerning the drafting of the enforcement bill. He declared he drew up the measure without consulting any other member.

DEATHS

Life Is But A Brief Span, A Debt That All Must Pay

MILLER

The funeral of Bruce Miller, former editor of the Paris Kentuckian-Citizen, who died in Cincinnati Thursday night, after a long illness due to complication of heart trouble and Bright's disease, was held at three o'clock Sunday afternoon, at the home of Louis T. Lilleston, on Houston Avenue. Services were conducted by Rev. W. E. Ellis, pastor of the Paris Christian church. The burial followed on the family lot in the Paris Cemetery, where committal services were conducted by the Masonic lodge and the Couer de Lion Commandery No. 26, K. T. of Paris.

The pall-bearers were: Active—James McClure, L. T. Lilleston, Albert Hinton, S. E. Bedford, J. A. Bower, Dr. J. T. Vansant, Dennis V. Snapp, Robt. C. Talbott; Honorary—Charles W. Fothergill, A. S. Thompson, N. F. Brent, J. W. Bacon, Pearce Paton, A. B. Hancock, W. D. McIntyre, Clarence Thomas.

To the many eulogies that have been written of Bruce Miller THE NEWS gives its cordial assent, and adds of its own the meed of praise due to one who was a part of the business life of the community and of the newspaper fraternity. In his death the city and county have sustained a loss that our citizens feel keenly. He was a useful and honorable citizen, one whose word was as good as his bond.

An old member of the printing fraternity, looking at an old photograph of the newspaper men of Paris, taken for display at the Bourbon Fair, remarked that of the sixteen faces on the card but three are living, Will Remington, of the Paris Democrat, Hugh Alexander, a nd Charles W. Oldson, Ed Fothergill, Bruce Champ, Walter Champ, Ed D. Paton and Bruce Miller.

REAL ESTATE DEALS

Ben F. Buckley sold yesterday to Hon. Claude M. Thomas, of Paris, his farm of 260 acres, located between Centerville and Jacksonville, for \$210 an acre. Two years ago the farm was sold for \$375 an acre, but the purchaser not being able to meet the payments, it reverted to Mr. Buckley.

The Bourbon Lumber Company sold last week to Mr. F. S. Elder, of Seventh street, a vacant lot on Lileston avenue, at a private price.

Mr. and Mrs. Luther Herrington sold to George McConnell a one-story frame cottage on Lucas street, near Lileston avenue, for \$1,055.

W. Z. Whitman sold to Garrison Bros., of Wolfe county, his farm of 169 acres located near Avon, for \$31,000. The farm is well improved. The purchasers will move to the place as soon as possession is given.

By deed of record filed in the Bourbon County Clerk's office the heirs of the late Jos. W. Plummer have transferred to James W. McClure, Cashier of the First National Bank, their undivided one-half interest in a tract of 328.31 acres of land for a price not reported for publication. The lands include farms purchased from Mrs. Sidney Clay, Sr., of Lexington, the Sidney G. Clay farm and the Deaver farm. The other half of the tract belongs to Mr. Plummer's partner, James M. McClure, Sr.

The district meeting of the Rebekah Assembly of the Seventh District was held Friday in the Odd Fellows lodge room. About seventy-five delegates were in attendance. At night the delegates were guests of the Paris Assembly at a banquet in the lodge room.

CAPTURES LARGE TARANTULA

While unloading a shipment of bananas at his store Saturday morning, C. L. Mufinger made a startling discovery, as he was hanging up one of the bunches. Mr. Mufinger had just placed the big bunch on a string from the ceiling, and had turned around to leave, when he saw a large fuzzy object slowly creeping from the fruit. Securing a knife he struck the insect from the bunch into a large can. It proved to be a tarantula, numbed from cold, but with sufficient vitality left to show fight. Mr. Mufinger hoped to retain the insect alive, but upon after reflection, decided it would be better out of the way, and killed it.

The big insect was viewed by a number of persons, who declared it was one of the largest they had ever seen.

HIGH SCHOOL DEBATE SCHEDULE BEGINS MARCH 31

The schedule of debates to be held under the auspices of the University of Kentucky, by High Schools in the third, or Central Kentucky district, was arranged Saturday afternoon at a meeting of the committee at the Lafayette Hotel.

Members of the committee are Chas. E. Skinner, principal of the Lexington Senior High School, chairman; L. G. Wesley, superintendent of the Georgetown city schools; and Cladstone Hoffman, principal of the Frankfort High School.

The debate will be on immigration, and the schools in the third district will meet as follows: Lexington Senior High vs. Model High; Paris High vs. Montgomery County High; Georgetown High vs. Bethel Academy of Asbury College; and Frankfort High vs. Midway High. It is probable that Kavanaugh Academy of Lawrenceburg, and Cyn-

thiana High School may enter later, it was said.

The first debate will be held March 31, and the winning team will meet the winners of the third match April 7. The winning team in the second debate will meet the winners of the fourth, and the winners of the first and second and fourth matches will meet to decide the district championship.

A WARNING TO PARENTS

In the County Court, Saturday morning, Eliza Lakes, of the Monterey vicinity, was presented before County Judge George Batterton, on a charge of not sending his children to the Monterey district rural school regularly. The charge was made by Mrs. Robert Bell, County Truant Officer, who supplied the evidence in the case. Lakes was held in \$100 bond to appear before the grand jury at the March term of Bourbon Circuit Court.

Thought For the Day

The best of hypnotics is physical exercise. Two miles of oxygen taken on the hoof, three times a day, or six or eight miles of oxygen taken on the hoof, three times a day, or six or eight miles in one dose, or its equivalent in other work or play, is chloral and bromide without any untoward effect.
